

Submitter: Cynthia Carlton
On Behalf Of: Property Owners in Oregon
Committee: House Committee On Rules
Measure: HJR201

HJR201 proposal is NOT for "public safety" and you all KNOW IT. Measure 5 was passed by Oregon Voters because senior citizens & what we now call marginalized populations got priced out of their homes because they couldn't afford BIG tax increases. Prior to M-5 property taxes went up 10-30% ANNUALLY. The Oregon Constitution requires voters to VOTE on property tax changes; Democrats seem to forget the rules.

This is an UNFAIR, UNJUST and DISGUSTING attempt at a money grab. Oregon is on record for wasting MILLIONS of tax dollars and NO ONE is held accountable. This is an hellacious attempt to take money from hard working Oregonians & giving them to un-elected 3-letter agencies under the disguise of public safety. This will raise the cost of housing which is anathema to those of you spouting that we need more affordable housing.
