

Submitter: Wanda Shell

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Oregon is a beautiful state but property taxes already increase every year. While I have looked forward to paying off my home I didn't by think I can afford to stay.

Property taxes will exceed my mortgage monthly payments.

3 percent and bonds that continue to pass make it so... expensive and now you want to be able to control that at state level?

No!

Thank you for listening as I oppose this.
