Another frivolous tax imposed on the “working “ people of Oregon. I see the only support for is fire union members and Paul Evans. And it appears he has submitted multiple support testimonies apparently thinking he can garner support this way. The people don't want this tax so Democrats please go ahead at your own peril. Tax them now and they will answer in November when you are set aside for somebody who listens to the voice of the people. Count up the number supporting this bill and those opposing it and place your bet accordingly. Because you will lose if you bet wrong. Vote against this tax or suffer the consequences, your choice or your demise.
