Measure: SB1583

Senator Frederick,

Usually you hear from me about wild salmon. But this time, I'm writing about my son, a kindergartner at James John Elementary. We'll have a Roosevelt Rider before we know it.

I can't express in stronger terms how much I support your bill to keep books on the shelves in Oregon school libraries. My family thanks you for the work you are doing to defend space for all stories.

In solidarity,  
Caylin Barter/Mama
