Measure: SB1576

I am writing in support of SB 15 76–3 with language that clearly restores recreational immunity for public and private landowners and clearly applies to both improved and unimproved trails. This is important to encourage land managers to keep trails, especially trails providing access to beaches and other recreational areas, open to the public. Our state consists of avid users of parks and trails and I am concerned that if this issue is not addressed, it will affect our opportunities to enjoy traveling and accessing Oregon’s outdoors.

Please support SB 1576–3.

Thank you.
