

Submitter: Marta Eichenlaub
On Behalf Of: Self
Committee: House Committee On Rules
Measure: HJR201

After working my entire life, purchasing a home, paying extraordinarily high property taxes for decades, I am finally retired. I've saved maybe enough for the rest of my life, and now the State of Oregon wants even more? Are you trying to run me out of my home I love so much and intend to stay in? This is outrageous. We see what you're doing, and we don't like it.
