

Submitter: Yuliya Neagu

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB1591

As inflation went up having an extra resident or residents  
Mean being able to pay for extra staff or help. My food cost have been over \$3k  
every month, my pge bill went up to almost \$600. Staff expect to be paid \$21 an  
hour. Everything went up but having 5 residents stays the same.

I limit my home to one Medicaid client as I cannot operate  
With such small payment from state.

With extra rooms we would be able to help more people in our community. We give  
way better care the big facilities

And show our residents are very well cared for.
