

Submitter: Christopher Koll

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

Dear Senators,

This letter is in support of senate bill 1548. While I agree with sticking on Daylight Saving Time over Standard Time, the need for an act of the US Congress to make this happen seems unlikely at this time.

As a school teacher there are multiple days during the school year due to learning loss with the time change. The change to a student's circadian rhythm hinders their ability to learn. By making a switch to a consistent schedule will assist students in achieving their educational outcomes.

Thank you for choosing to pass SB1548 through committee and onto the senate floor.

CJ
