On Behalf Of: Mr Oregon Opposes SB 1582
Committee: Senate Committee On Labor and Business
Measure: SB1582

I OPPOSE [SB 1582].

I OPPOSE [SB 1582] AS WRITTEN.

***[SB 1582] seems to be a copy of [HB 4124].

Since the Pandemic, society has changed in many ways.

The Funding for the Arts in Oregon requires first an Audit of "Art" related entities to justify the dispersal of Grant monies.

Some "Art" entities have embraced "Woke" political views.
[SB 1582] Grant funding should not support funding of any kind to support these racist organizations, the political causes (WOKE) and or beliefs.

I fully support "Funding for the Arts" but, not Political organizations operating under contrived "equity" philosophies masquerading as "Art."

[SB 1582] appears to be negligent in not allocating any Grant funds to support the "Deaf, Deaf-Blind and or Hard of Hearing" Arts or accommodations.

[SB 1582] has not listed the "Yamhill County's Historical Society and Museums" to receive any funding. Why?

The GENERAL FUND use for the source of funding for the Arts should be an issue for consideration.

Review monies allocated for "Tourism" such as the "Transient Hotel Taxes" callously and maliciously imposed upon vacationers as a potential funding source."
