Measure: HB4090

I oppose HB 4106. If passed, this bill undermines the state forest plan and would result in more clearcuts, less habitat for salmon and wildlife, and more timber industry lawsuits. Please don't let this bill pass out of committee. Logging is NOT sustainable! Trees that took many years to grow can be cut down in minutes! Any fool logger can see that the forest will end up as seedlings and christmas tree farm sized forest and loggers will have to find jobs doing something else. Removing dead trees from the forest robs the forest of soil! Stop ruining Oregon's forests!
