I am concerned citizen.
And how this Bill will affect Gilliam County...
Our Judge and commissioners have already passed an Order December 6, 2023, in
county court to abolish the county judge with no warning.
With questionable legal standing I might add.
Now there trying to cover this all up with an EMERGENCY to push it through
legislation to cover up.... All the voters want is to let their voices be heard on such a
monumental change to our Governmental structure. Please let the people vote.
