On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1576

Our state is a place of beauty. It's what makes Oregon, our beautiful mountains, rivers, coast and high desert, such a great place to live. Enjoying the outdoors is what Oregonians love. This beauty attracts visitors to our state who come to enjoy nature's beauty.

Restrictions to these points of beauty, a hike to a waterfall, or a walk along our beach, will damage the spirit of our great state. Please support Recreational Immunity.

Thank you for your attention to this important matter.
