In the history of the world, never has Pornography been a good thing. It is demoralizing. It is bad for the brain and destroys key parts of people's emotions and reasoning. It has absolutely no benefits on anyone who sees a picture of nudity. Science proves this. In a school setting it is even worse. The consequences of the passing of this bill would be catastrophic for all of the minds in the public school system. Parents send their children off to school to have their child to be educated in all of the things that Mankind has discovered, and by far the worst thing we have discovered since the beginning is our own nudity. Children do not deserve that, nor do they want it.

Here's the truth; History Books are called History Books for a reason. They teach all of the accomplishments of mankind throughout all of the ages. All History books belong in libraries so that children and teens can go into the library continuously, and find a book that informs them about a subject they are interested in. Instead, will go and find only one prevalent subject: Pornography and BLM. Do you care about the Children? Do you even know, in your own stupidity, what you are doing to them unconsciously? This is truly, Evil.

BLM has never meant anything. All that BLM stands for Black Lives Matter. Yet, they care nothing for blacks. Instead, they recruit poor blacks, and look those blacks in the eye and tell them. "You are too stupid to get a Job, because your black, Whites are better and have been better since the beginning of time. This isn't your fault; it is the white person's fault. So, we need to find a way to give you help, because you are incapable of finding on your own way in existence, because you're black, and because whites are better, which is evil. Lets go get the whites!" Now if that isn't the most racist statement ever made in the history of mankind, then I don't know what is. So, now imagine books with that slogan in it, the only books, and posters, etc. It would fill the schools with more racism than anyone would have thought possible.

Now, I am only 14, and I have drawn these conclusions from watching the other teens around me. They do not know how affected they are by it. Here is the weird part about all of this: EVERY SINGLE SARCASTIC COMMENT, OR JOKE IS MADE ABOUT ONE OF TWO THINGS.

1. "Bro! Are You Gay? Hahaha!"
2. "It's because your Black Dude! Hahahaha!"

What I say next may be seen as extremism, and that is because it is. Back in the 1960's American spies found a long list of Communist goals. Of them are a few curious ones that do not seem to belong there. A couple of the 43 different Communist objectives were to;

24. Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.

25. Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.

26. Present homosexuality, degeneracy, and promiscuity as "normal, natural, and healthy."

Now how did those get there? That is extremely odd. You can find this list online and, in the book, *The Naked Communist*. So, whether or not one wants to admit it, this is a communist policy. Communism is a known enemy of free people. If one looks at history, he will quiver in fear at the prospect of communism in America.

This bill will not help schools! It will destroy them and the American people! Are you a communist? Maybe not, but this bill is about as communist as it gets. Are we trying to broaden children's minds or dim them? This bill is illogical, and it is strongly apparent that this bill is immensely counterproductive for all Americans. The consequences will be horrendous.

## Please do not vote in agreement of this bill!

Below are the 45 communist goals. Keep in mind that all of these were found in the 1960's!
