

Submitter: Cornelia Luca

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB1591

Hi I have been an adult care provider since 2008. I get calls for resident placements at least two times per week with no vacancy availability. By increasing the capacity it would help with having available beds for people in need.

Also the Medicaid increase is so important with the inflation we have. Also the cost of living has increased tremendously. The minimum wage increase as well as finding good staff. So please consider calculating that we are a 24/7 business.

Thank you
