

Submitter: Greg Boersma

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Our family had enjoyed many years of together time on our boat on the river it gets us together and focused on each other 3 generations. Since the ban of boaters of our size this has stopped and as a dad and Grandfather the time I was able to spend on the river was amazing. The lawmakers didn't see what that bill would do to family time together. Regarding the financial impact this has had on Newberg and all the revenue that is being lost as most of the boats are not coming to and thru their town and buying goods and services. I am very encouraged that this is being reconsidered so that everyone can enjoy the Willamette River again.

Thanks Greg
