Committee: House Committee On Rules

Measure: HB4075

Families are already unduly burdened with high taxes far out of proportion to any value they receive from government. The fraud, waste, and abuse is on full display to anyone who bothers paying attention. It would be inappropriate at this time to look for new ways to extract tax revenue from the citizenry. If this current trajectory the state government is on continues it will only serve to make Oregon a less and less desirable place to work, live, or do business.
