

Submitter: Kelsey Kottek

On Behalf Of: Salem Baseball-Softball Turf Project

Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction

Measure: HB5202

I am writing in support of the Salem Baseball / Softball Turf Project at Willamette University. I support this project as I am a huge advocate for youth sports. The community needs more places to safely play baseball/softball. I believe the turf will create less chances for cancelled games and allow for more training opportunities.
