

Submitter: Iris Butler

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Our property taxes are already so high even with the current allowable 3% that it usually increases every year!! People can NOT afford this, & especially with the inflation cost of gas, food & insurance. PLEASE do not vote to increase our taxes & have a no limit heighth on it! It could cause people to lose their homes & others not to ever own one. And do I need to remind you about the homeless problem in this state?

Thank you??
