Committee: House Committee On Rules

Measure: HJR201

I oppose the proposition for additional taxation. Instead, I advocate for the prudent allocation of existing tax revenues. Prioritizing fiscal responsibility entails directing funds more effectively, particularly towards initiatives that foster education and support law enforcement. Minimizing taxation on activities that may incentivize drug consumption and reducing welfare allocations for drug users would liberate resources for critical sectors such as education and public safety. This approach is straightforward and aligns with strategic fiscal management principles.
