Committee: House Committee On Rules  
Measure: HJR201

I oppose this measure vehemently. The citizens of Oregon are already the most taxed citizens in the country, between property tax and income tax, and with inflation and extremely high living costs we CANNOT afford more taxes piled on top of us. As demonstrated by this year's kicker payments, this state has more than enough money to fund its expenditures IF the state appropriately manages its spending. Your job as elected officials is to work with the funding you're given FOR THE GOOD OF THE PEOPLE. Taxing your citizens to death is completely going against the duties of your positions. Do better. Try harder. Stop this foolishness.
