

Submitter: Bob Cohns

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

We own a boat, we love boating. We have seen what happens when boats designed to make huge waves recreate in a narrow waterway. It's such a small area, it's really hard to understand why people are making such a big deal about it. To protect the river, they need to drive a few miles down the road. Keep the rules as they stand. More people can share the river and we protect the river and fish at the same time.
