

Submitter: Tenille Woodward

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

Please do not change Oregon to be on permanent standard time. This would put us on a different time zone than Washington and California for parts of the year. Avoid this problem by sticking to the measure passed in 2019 to switch to permanent daylight time - a measure mirrored by our neighbors on the West Coast. We need to move in lockstep on this issue, not create a logistical mess. Thank you.
