

Submitter: Dan Stambaugh

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I feel like SB1590 was put out there for the simple reason that a few boaters with lots of money behind them are super bummed that they can't do what they want, where they want.

SB1589 was based on the combination of scientific testimony and common sense, not the interest of the few.

A NO vote on SB1590 and it's amendment in the common sense thing to do.
