Committee: House Committee On Rules
Measure: HJR201

I'm submitting this testimony in response to this vote on a new safety bill measure 201, removing the cap on property tax would destroy many families, homes, and livelihood. In my own experience, it has taken me 22 years to be able to build my house and live in it with the taxes that we do have to take the tax cap off would be very detrimental to my family. I am on a fixed income from retirement. So I asked this committee to vote this down for all Oregon property owners that have struggled all their life to own their property and house and saved and scraped and waited for years to have their own home. Thank you for your time and may God bless you.
