

Submitter: Steven Gorham

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Capital
Construction

Measure: HB5201

I strongly support this legislation to support the Hope Plaza. I am a criminal defense attorney and have worked with the Center for Hope and Safety and this project is very worth while. It will not only help DV survivors but help with the lack of affordable housing in Salem and Oregon. It will be a positive addition to the area and to the Salem Downtown. Thanks for your support. Steve Gorham
