Of:

Committee: Joint Committee On Ways and Means Subcommittee On Capital
Construction

Measure: HB5201

Eugene is really losing all the things that might attract people. You spend my money to make this town a homeless Mecca and not a place for people paying taxes and this is one more example. No hospital or medical access. Now no Em's. One of the few things I have enjoyed living here. I am thinking if we don't get this stadium it's time to take my taxes somewhere else. I'm pretty much over the lack that has become Eugene.
