On Behalf Of: Mr Oregon Opposes SB 1535
Committee: Senate Committee On Education
Measure: SB1535

I OPPOSE [SB 1535].

Students (and qualified volunteers) should always perform a level of "volunteerism" to better our society in this case, school maintenance.

[SB 1535] should not supplant bona fide Trade Schools (and certified High-School Trade Programs) with accompanying, well documented supervision and certification requirements for Apprentice, Journeyman and Master levels of expertise.

[SB 1535] should not be intended to be an "end-run" around Union Trades.

[SB 1535] should be called, "The Slave Labor Act of 2024."

Mr. Oregon Concurr.
