Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction

Measure: HB5201

HOPE Plaza will provide affordable fully accessible housing for survivors of domestic violence and human trafficking. The number one need for survivors of domestic violence is housing and HOPE Plaza will make this more accessible. Please support the HOPE Plaza Housing Project to provide vital housing for victims and their children. This is a huge benefit to the Salem community and will allow so many survivors to heal in a safe location and seek the support they need from the Center for Hope and Safety.

Thank you so much for your consideration. If they seek these funds that would help immensely!
