

Submitter: James Miller

On Behalf Of: Heart of Oregon Corps

Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction

Measure: HB5201

As an alumni of a Heart of Oregon Corps program I have seen the great things Heart of Oregon Corps has done not only in my life but in others in our community. I believe with a more central campus would make it easier for Heart of Oregon Corps to help more youth with not only job training and education but with the more basic needs that the youth that they work with. I seen what Heart of Oregon Corps has done without a central campus and I'm very excited to see what Heart of Oregon Corps can do when they have one.
