

Submitter: Diana Blakney
On Behalf Of: Shiver River LLC
Committee: Senate Committee On Finance and Revenue
Measure: SB1593

On behalf of our family timber farm of 171 acres (in the family for more than 100 years - Century Farm application filed this month), I oppose eliminating OFRI. The resources it provides small woodland owners is invaluable. My siblings and I are all retired and are non-foresters. We completely rely on outside sources to guide our decisions as we try to hold onto the farm and keep a perpetual forest for our children and the world.
