

Submitter: Rose Quimby
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB4007

My family and I lost everything we owned to Archie Creek Fire. We have had to totally rebuild our lives and our home. We strongly oppose this bill. By the time we pay lawyer fees, state taxes and federal taxes on the settlement we'll have absolutely nothing left to finish rebuilding back. No words can describe the horrors of what we have lived through or nightmares we have had to deal with and you want to take away what little bit of security we received to put our lives back on track. I hope you would think of the devastating effect it would have on rebuilding our lives back. Please open up your hearts and think of the victims and the destruction we have had to live through.
