Subject: Corvallis City Council supports HB 4083

Dear Senators Sollman, Findley, Golden, Hayden, and Lieber:

The Corvallis City Council believes that House Bill 4083 aligns with the carbon reduction goals of the City of Corvallis and would be a positive step in combatting climate change. Where the state chooses to invest its dollars matters and speaks to our convictions as a society. It is critical that the state move away from investing in the fossil fuel market and towards greener, more future oriented industries.

Sincerely,
