

Submitter: Chris Mack

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4106

I oppose HB 4106. State forests should be preserved for clean drinking water wildlife habitat, and carbon absorption. Forests should not be used for maximizing profits for the timber industry.

A walk in a state forest is so calming and pleasant. A walk in a clear cut is so disturbing.
