

Submitter: Ciara Orozco
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SB1548

I Ciara Orozco,
Resident of Eugene and huge advocate for the earths natural rhythms and settings,
do support abolishing daylight savings time. It was a man made change put into
effect that deeply affects nature, rhythm, and humanity at large. Especially farmers,
who are highly valued and respected in Oregon. Please consider abolishing
something so extra and unnecessary.

Thank you,
