

Submitter: Brandon Abbott

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1548

Please support the ending of time changes. I realize that it's more popular to prefer Savings time but we have been at a standstill with federal congress for years. Oregon and the west coast will have to do it themselves on Standard. I think the proposal for one other state to agree would help move the whole west coast sooner as the holdout state would face pressure to keep up. We shouldn't wait another year to do this.

Thanks,  
Brandon
