

Submitter: William Worth  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: SB1548

This should be a no brainer. The fact that this bill didn't pass immediately in it's previous form reflects poorly on the Oregon Senate. We are the state who lead the way with bold initiatives like physician assisted suicide and medical marijuana and now we are too timid to ditch DST without Washington and California going first? For shame. DST is a terrible system that never should have been enacted in the first place. Oregon senators, do your job and end it now. You don't have to wait for CA and WA, be bold and lead the way like we used to.
