

Submitter: Sheila Manson

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1548

This is great! As someone who works at 5am I'll be happy to say goodbye to 9pm sunsets and the lack of sleep in the summer. And I welcome the early morning sun...or bright clouds in the winter/spring. I think people who are opposed don't really comprehend that it won't affect most people either way but will really benefit the ones who have to have a job/school that requires early morning commutes.
