On Behalf Of:

Committee: Senate Committee On Health Care

Measure: HB4130

Dear Senate Health Care Committee:

I understand you will be considering HB 4130.

I strongly support this bill. Right now hedge funds, conglomerates, large corporations are buying up everything in sight. They must be stopped from gobbling up our healthcare system. It is not too late to do this. History shows that when they buy health care institutions, costs for us go up and our care goes down. I am a supporter of universal healthcare. Our system now is broken, but allowing these corporations to buy our healthcare is making a difficult situation worse. Please support the House bill. Thanks very much.
