Measure: HB4024

Oregon 37 years ago when we came here, was clean, friendly, welcoming. You could work hard and raise your kid here amid the beauty of the Oregon rural landscape and the wealth of mom and pop businesses. No longer. Today Eugene is not a safe place for families, even those that can afford to live here. The politics of the 3 cities in Oregon rule the rest of this beautiful state as a dictatorship. Our children are the worst educated in the nation, educated to be operatives to the goals of the ruling class. Morals, and family live, are taught as backwards and old fashioned, out of date. Patriotism is a bad word. Every child is told they are oppressed or an oppressor.

Since the mail in ballots there is no two party governance and the party in power grabs more and more power at the expense of the people they are supposed to serve. Backroom deals, language that means the opposite of what it "sounds" like, total lack of transparency and a true sense of serving the people has totally turned this beautiful state into a place people flee if they can. The corruption of power and greed that overwhelms this state will lead like all Socialist/Communist governance to continued decay and misery. This is just another example of the lack of transparency and lust for power with no real caring for the people you are supposed to be serving. You will do anything and all to maintain your grip on power while continuing to destroy the initiative and the freedoms of your constituency. In short, I strongly object to this bill and the way it is so deviously offered.
