On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: SB1548

I am testifying in support of SB1548. The only way we can get out of this terrible twice yearly time change is to take action at the state level. The federal government is not going to change and let the west coast change to Daylight Saving Time. If we three states agree to stay on Standard Time all year round we can do it without any action by the federal government. We urge you to pass this bill. It is a good bill that addresses a real need. Life in Oregon, Washington and California will be much better if this bill passes.

I support changing to Standard Time all year round. It is good policy and follows the natural rhythm of nature. It is an easy cheap way to make Oregonians and in fact all West Coast folks more healthy.

Thank you.

William Aldrich
