On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

* I oppose recriminalization. The war against drugs is a failure. Drug use is a medical problem, not a criminal justice problem.

* Oregon should move to crush drug dealers by distributing the same drugs via ordinary pharmacies. Safe supply has worked in Switzerland and Portugal. Safe supply is the only way to improve public safety by putting drug dealers out of business. See <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7252037/>
