

Submitter: Betsy Cunningham
On Behalf Of:
Committee: House Committee On Rules
Measure: HB4024

Dear Chair and Members of the Rules Committee:

The people of this state deserve real campaign finance reform with real limits. HB 4024 does not provide it and may well undermine citizens efforts to get what the overwhelming majority of us voted for in 2020. Since the state legislature has failed to make any meaningful movement in this regard, please say no to HB 4024 and let the people decide in November.

Thank you for your time and consideration,
