

Submitter: Linda Sanders
On Behalf Of:
Committee: Senate Committee On Health Care
Measure: HB4130

Dear Senators,

I am an Emergency physician writing in strong support of HB4130, a bill that would stop corporations from practicing medicine.

I have had the unfortunate experience of practicing medicine under several corporations including but not exclusive to US Acute Care Solutions and have witnessed it's negative impact on patients and physicians. Specifically it has resulted in the for profit practice of medicine which has resulted in the inadequate staffing of Emergency Departments across the country. This understaffing clearly impacts patient care negatively and leads to burn out among physicians, causing many to leave medicine app together in recent years.
