

Submitter: Cynthia Hart

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: HB4130

In Support of Oregon HB 4130

I was essentially forced out of practice and into early retirement by the untenable policies of Private Equity requiring reading and providing essential and Life-Saving radiology services at a pace and quantity to produce revenue at the expense of QUALITY HEALTHCARE, which did not coincide with my medical morals and medical oath of "First, Do No Harm". Please support HB 4130 to prevent similar loss of quality healthcare in Oregon.
