

Submitter: John Bishop

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

I urge your support for HB 4002. BM 110 has been a disaster for the Old Town community where I work. My co-workers do not feel safe on the streets. The drug activity and associated crime is out of control. The choice for addicts needs to be treatment or jail. Please act now.
