

Submitter: OLANDA LONG

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Allowing people in the throes of addiction to continue their downward spiral is not compassion. Allowing public use of dangerous use drugs is not compassion. Our public safety networks are over stretched as it is. You have had 3 years to provide drug treatment but have barely set up any mechanism to do that. Please fix this now.
