

Submitter: Amy Caplan

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Please support HB4002 to recriminalize drug use. The most vulnerable are not the mentally ill drug addicted on the streets. The most vulnerable are the hardworking taxpayers/voters in Oregon who need safe and clean neighborhoods, safe places for kids to walk to school, for elders to walk dogs, for folks using mobility scooters and wheelchairs to use sidewalks. Crime including residential burglaries and car theft/vandalism is out of control. The most vulnerable are folks trying to make Portland clean, safe, civilized again. Get the drug addicted into treatment and off the streets. Save Oregon.
