

Submitter: Troy West

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

I'm writing to encourage legislators to pass HB 4002. While measure 110 may have been well intentioned, it's clearly not working and Portland has been negatively affected by it. We need to look at other options for dealing with the addiction crisis in Portland and throughout Oregon. Thank you for your time and consideration.
