

Submitter: Mike Warwick

On Behalf Of: myself

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

Stop coddling drug users! M 110 only served as an invitation for out of state users to rush into Oregon and soak up resources that could be used for native residents. Well meaning voters did this without thinking it through AND by being led to this decision by out of state advocacy groups. Up to you to end this madness.
