Measure: HB4002

I lived in Portland for over 15 years. I now live on the coast having felt the need to get out of Portland and anywhere in Multnomah County as a result of the flagrant drug use on the streets, in the parks and sidewalks. Really - did I want to have outings with my grandchildren and subject them to this disgrace and our lawmaker's inability to actual ACT like lawmakers for the greater good?? Certainly not.

Please, please, please take action! It's not about you, but about the future you are creating for children and the elderly who are subjected to this disgrace and who have little to no voice but to remove themselves from, not only Multnomah County, but the State of Oregon.
